

FAIRYTALE PAPER BAG HOUSES

A note from Page

I found all of the supplies I needed for this craft at the dollar store.

I made a cupcake house and an inventor's robot house, but you can make any kind of house you'd like! Use your imagination. Think about what kind of character would live in that house. Write a story on the back of your bag about that character. Think out of the box...um...bag!

PAGE TURNER ADVENTURES

Directions:

1. Stuff the bottom of the bag with newspaper (or some other stuffing).
2. Fold down the top of the bag about half-way and tape the edges to form the house's roof.
3. Decorate! There is no right or wrong way to do this. Use your imagination. Think about the kind of character

Materials:

- Paper Lunch Bag (or a paper grocery store bag)
- Tape
- Craft Glue
- Newspaper (or something else for stuffing)

Optional Decorations:

- Rickrack Trim
- Stickers
- Buttons
- Craft Foam
- Pompoms
- Construction Paper
- Nuts and bolts
- Other doodads

FAIRYTALE PAPER BAG PUPPETS

Now for the next step! These houses need someone to live in them! Go to the next page for materials and directions.

If you'd like to post a picture of your creations, let us know with the hashtag #Storyologist!

Puppet Materials

- Craft Sticks (or pencils)
- Tape
- Cardstock (file folders or old cereal boxes can also be used)
- Stickers

A note from Page

I've attached the characters I drew that you can print & cut out. But you can draw your own characters too!

Directions for the Puppets:

1. Print the Fairytale Characters Template OR Create Your Own Characters!
2. Glue the picture onto cardstock (or some kind of stiff backing)
3. Cut out and tape to a craft stick or pencil.
4. Stickers on craft sticks also make fun puppets, as do pompoms, nuts and bolts, or anything you can think of.

Cut these out or draw new ones!
